### **III. PARTIES' POSITIONS**

1. Requestor: letter dated 06/11/02  
"We feel that 71% paid on a DeQuervain of the right wrist and 65% paid on an excision of the left olecranon bursa is not fair or reasonable. We feel that (Carrier) should reimburse us more appropriately as \$2236.00 for both dates of service does not cover our cost to perform these surgeries."

2. Respondent: letter dated 07/03/02

“Respondent asserts it paid a fair and reasonable rate to the Requestor for the services provided...The burden lies upon the Requestor to demonstrate the amount of reimbursement it received from the Respondent was neither fair nor reasonable and was not in accordance with the requirements of the Texas Labor Code.”

#### **IV. FINDINGS**

1. Based on Commission Rule 133.307(d)(1&2), the only dates of service (DOS) eligible for review are 06/05/01 and 10/23/01.
2. The provider, an ambulatory surgery center, billed a total of \$3,139.10 on DOS 06/05/01 and \$3,418.70 on DOS 10/23/01.
3. The carrier reimbursed \$2,236.00 for each DOS stating, “M – NO MAR, REDUCED TO FAIR & REASONABLE.”
4. The total amount in dispute per the TWCC-60 is \$1,943.80.

#### **V. RATIONALE**

The medical documentation indicates the services were performed at an ambulatory surgery center. Commission Rule 134.401(a)(4) states ASCs, “shall be reimbursed at a fair and reasonable rate...”

Section 413.011(d) of the Texas Labor Code states, “Guidelines for medical services must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fees charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf. The Commission shall consider the increased security of payment afforded by this subtitle in establishing the fee guidelines.”

Commission Rule 133.304(i)(1-4) places certain requirements on the carrier when reducing the billed amount to fair and reasonable. The carrier has submitted its methodology and satisfied the requirements of the referenced Rule.

Commission Rule 133.307(g)(3)(D) requires the provider to supply documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement. The provider has submitted several EOBs from other carrier that show a higher percentage of the billed amount reimbursed. The provider uses these EOBs as examples of fair and reasonable reimbursement.

Regardless of the carrier’s response, methodology or application of its methodology, under the Act, there must be specific statutory authorization to create liability through waiver. The burden

is on the provider to show that the amount of reimbursement requested is fair and reasonable and conforms to the criteria identified in Sec. 413.011(d) of the Texas Labor Code.

To establish entitlement to additional reimbursement the provider has submitted EOBs indicating other carriers have reimbursed a higher percentage of the billed amount. However, the willingness of some carriers to provide reimbursement at or near the billed amount does not necessarily document that the billed amount is fair and reasonable and does not show how effective medical cost control is achieved, a criteria identified in Sec. 413.011(d) of the Texas Labor Code. Therefore, based on the documentation available for review, the Requestor has not established entitlement to additional reimbursement.

The above Findings and Decision are hereby issued this 26<sup>th</sup> day of August 2002.
